Re: New building construction for Knots 2U, Ltd.

To Whom It May Concern:

We contracted with Justin Treder of Works Plumbing in August of 2010 to complete the plumbing portion of our new building construction. Justin and his employees were professional, neat and courteous in their work. Justin's proposal came in on budget and they worked diligently until the projects completion.

We had a couple of occasions where he was required to be on site on very short notice to correct problems or damage from other trades, and he was very fast to respond and was very fair in his cost to make these repairs.

Their workmanship was impeccable and we would not hesitate to recommend him for any plumbing project you may have.

Sincerely,

Kevin Kerr
